

STRIVE

ASK ANGELA - MOST-REQUESTED

Tryout Prep Checklist

Angela Ruggiero - The tryout starts in the parking lot

The week before

- Skate 3 times, but taper: hard, medium, easy
- Sleep is a stat: 9 hours the two nights before
- Pack the bag yourself - tape, spare laces, water, snack

The day

- Arrive 45 minutes early; greet the coach by name
- Warm up the same way you always do - nothing new today
- First drill: be first in line. Coaches remember who volunteers

On the ice

- Talk on every drill - names, not noise
- One honest gap, one honest backcheck, every shift
- Mistake? One length of the bench to be frustrated - then eyes up, next play

After

- Same dinner win or lose - the tryout does not define you
- Ask the coach for the two things that would move you up next time
